BUILDINGS AND GROUNDS NOTICES:

- All vehicles parked on Seminary space must have decals displayed according to regulations. Proper identification expedites the process of locating an owner and helps to avoid the need for towing when necessary to remove a vehicle that is blocking other cars or driveways.
2. Crowded parking conditions make it necessary to insure that existing space is available for members of the Seminary family and visitors. Unidentified vehicles left in parking lots for extended periods of time will be removed at owner's expense.
 3. The new parking lot on Wingate Street, in front of Ruby Reid Child Care Center, should be completed during the week of September 20---hopefully! This lot is similar in size to the one across from Mackie Hall on South Avenue, and will provide approximately thirty parking spaces. The lot can be used upon completion of the asphalt work, and will be "lined off" with designated spaces in the near future.
 4. The library construction project has required the use and control of all parking in the lot behind Lea Lab building on the north side of the campus. C.T. Wilson Construction Company has agreed to allow parking on the left side only (next to the building). Vehicles are not to be parked near the dumpster or on the grass next to the wall to the left of the entrance from North Avenue. Vehicles can be parked next to the trailer as long as the drive is not blocked. All vehicles parked in violation of specified regulations may be towed without warning at the owner's expense due to the requirements of the contractor and the need to maintain access to the campus for maintenance or postal vehicles.
 5. Maintenance vehicles and postal vehicles are driven on the campus as necessary in performance of responsibilities. Regulations specify that all other vehicles are not to be driven or parked on the sidewalks and grass.
 7. Gym Storage Inventory. All persons who have items stored in the gym are asked to contact Buildings and Grounds as soon as possible. Unidentified items will be gathered for disposal soon!

All Bulletin material should reach the office of the Director of Student Activities, second floor, Mackie Hall by Thursday noon of the week preceding the event to be noted. Material may also be placed in the Student Activities box, second floor, administration building.
