# PROCEEDINGS OF THE FORTY-FIRST ANNUAL SESSION OF THE BRUSHY MOUNTAIN BAPTIST ASSOCIATION. Held with Lewis Fork Church August 20-21-22 and 23, 1914.

THURSDAY, AUG. 20—MORNING SESSION

The association was opened with prayer by Rev. W. C. Meadows. The introductory sermon was preached by Rev. S. S. Jennings, text, John 16-33, subject, "Cheerfulness."

AFTERNOON SESSION

The roll call resulted in 15 of the 23 churches being represented. On motion C. C. Wright was elected moderator, R. L. Proffit clerk, S. J. Jennings treasurer and F. G. Holman assistant treasurer. The following visiting brethren: J. W. Burchett of Elkin Asso., Fuller Hamric of the Thomasville Orphanage, W. M. Greene of the Biblical Recorder, T. J. McNeil of Brier Creek Asso., and G. W. McNeil of Three Forks Asso., were recognized.

REPORT ON SUNDAY SCHOOLS

The Sunday school is one of the most important agencies employed by the church for the furtherance of the Lord's work. In order to maintain a successful Sunday school, the pastor and church must heartily cooperate; the pastor should familiarize himself with the best methods, as well as the needs of his particular church. The superintendent should have the work on his part and should always be a Christian, then he will be a live wire. The teachers must have the work at heart, then they will prepare themselves for teaching. Classification is very necessary and good live wires at the head of each class as teachers; then we have the answer to the question: "How can we keep up the interest?" Your committee recommends that the churches of this association stress this part of the work this year and be convinced of its worth. It is no longer a question that we have a Sunday school; but how good a school. Let every church strive for an evergreen Sunday school; Satan's work shop does not close; Therefore we cannot afford to close up and go into Winter quarters. Every school in this association should send good representatives to the annual Sunday school conventions.

REPORT ON THE THOMASVILLE ORPHANAGE

The care of the unfortunate is a natural and fundamental expression of Christianity. Jesus was in His ministry what He would have us be. He emphasized things fundamental and cast the program for all ages. He glorified childhood and so His gospel to the physical wants of life that we cannot hope to save the soul unless we also provide for the body. So far orphanage work has been the principal form of our benevolence, largely because it has been showing the most tangible results. It has been said by some that it is necessary only to let the people know the needs of the orphanage and they will be supplied. The coming year will show whether this is true or not. With only four hundred and thirty children we have fallen behind. Children are already being received at the Kennedy Home. Within a short while there will be more than fifty children there. The Miles Durham nursery for very small children will be complete before the winter months. If this is filled with children and we provide for those that are being received at the Kennedy Home, the current expenses must be increased \$10,000 over last year. Among North Carolina Baptists nothing has so enlisted men and women in the work of the Kingdom as the orphanage work. It has been the agency for the promotion of harmony, liberality and consecration. Thus in the larger work of the Kingdom the little child is the leader. Since the reception of the first child, November 11,

1885, 1516 have been enrolled, and the present number is 430 (with about 500 by the end of the year) Average cost per child, \$107.64 a year. The health record of the children for the past year has been remarkable, there being no deaths and few cases of serious illness. Large and valuable additions are being made to the plant at Thomasville. A modern dairy barn has been completed. This department of our work with the various other industrial feathers are to be emphasized. A splendid auditorium will be completed within a year. The erection of this important and greatly needed building was made possible by the bequest of the late Dr. S. W. Little of Davie county, whose honored name it will bear. Three new school rooms have been added with improvements to the old school building. A tenth grade has been put in the school course for the purpose of giving those who leave us a better preparation for life's struggles. We would again urge and recommend: (1) That every Sunday school set aside one Sunday in each month as Orphanage day; (2) A club of Charity and Children in each Sunday school and an individual copy to pastors and all individual homes that are not represented in the Sunday school; (3) A liberal Thanksgiving offering emphasizing the importance of "Work Day" giving not less than one day's work to the Orphanage. We would suggest that in many churches it is best to select a Sunday nearest Thansgiving day to hold this special service. This can be done to advantage on country fields.

Finally, brethren, let us constantly keep in mind the appeal of the Larger Orphanage and remember as we save the child we not only save the State but we save ourselves and in doing this we find our greatest happiness. This association has six children at the orphanage. Brethren, let us make an earnest effort to provide for our own children which cost \$645.84. We gave last year \$328.26 of this amount.

### REPORT ON STATE MISSIONS.

It has been said "The Lord thought it wise to indicate to the churches a division of fields," or at least a difference to be shown in the churches approach to the field. His message with reference to the field requires that the church begin its work in the territory immediately surrounding it, and that it proceed toward the uttermost parts of the earth with its endeavor, and that it should not skip any of the territory as it goes out toward its final goal. Then we have by divine order of the

church's obedience to God's writ concerning a lost world, the place of State Missions determined for us. It is the development of local churches. The convention set the figures for State Missions this year at \$55,000.

The Board has employed 150 missionaries and they are supplying about 350 points. In order to appreciate the work of this Board let us glance at some its marvelous achievements. It has through its missionaries baptised about 75000 people, established about 1000 churches, made communities desirable to live in, blessed homes and given to the State and South some of our best men, children brought into Sunday schools and hundreds of them have given their hearts to Jesus. It has kindled high and lofty aspirations in the hearts of many through the preaching of its missionaries and many have heard and heeded the call to enter the ministry. These are a few of the results of the work of the Board and it comes today asking that you enlarge its usefulness by enlarging your contributions to it.

REPORT OF BIBLICAL RECORDER

The Biblical Recorder is eighty years old and its history is largely the same as that of our denomination. It has been so closely associated with the success of every object of our convention that a history of one would be a history of the other. The Baptists of North Carolina have made no great achievements without the loyal support of the Recorder. And never in the past has it been more efficient than it is today. We are indeed fortunate in having for our editor, Rev. Hight C. Moore, whom Dr. J. C. Gambrell of Texas declares "Is one of the safest and best editors in all the South." As its name implies, it is distinctively Biblical and stands for the great doctrines of Salvation as taught in the Bible. We need the Recorder in our homes, because it brings us each week information about the work of our denomination, gives us impulses for good, adds interest and enthusiasm to our religious life, sets up the Christian ideal in the home, helps in the development of the local church and unites us as a denomination. It is the pastor's assistant and goes into the homes each week, and stands for the same things the pastor stands for, and has for its aim the ultimate evangelization of the whole world. The committee urges the pastors of this association to help extend its circulation within its bounds.

REPORT ON TEMPERANCE

Far too many of our people are under the impression that when we won the great prohibition fight a few years ago we had finished our work for Temperance. This is a mistake. We have not settled the question of Temperance by any means; we are in our infancy; our people are in their infancy on this great question. Our work of education and of agitation must be kept up; we have but small hope of saving the drunkards of this generation; our work is to save the boys of this generation, and, if this is done, there will be no drunkards in the next generation. We must see to it that the men who aspire to represent us in the Legislature stand four square on the Prohibition law. We have a right to demand that our law makers, as well as the men who are charged with the enforcement of the law, stand for Temperance.

### REPORT ON FOREIGN MISSIONS

The wonderful success with which the work has been prosecuted during the past year, in results obtained, has been by far the best year in the history of our Southern Baptist Convention. There were 4,532 persons baptised, an increase of about three hundred over the previous year, or more than one-third as many as were baptised in our own State with her two

thousand churches and twelve hundred preachers. The foreign mission report presented at the last meeting of the Southern Baptist Convention contains this significant statement: After working as a convention fifty years, we report in 1895 a total enrollment of communicants in our churches in foreign lands of 3.493, and now to have more than that number to join us in one year makes us take fresh courage and press forward with renewed zeal." Surely no Christian can read this story of Divine blessings and witness this seal of Divine approval, without feeling the thrill of a new purpose in his soul. The marvelous opportunities which lie before us. All things seem to be working together to present to the Baptists of the South the crowning missionary opportunity of their history. However, it is not very encouraging where we note what our people are doing in this work. We are giving less than nine cents per member to Foreign Missions. We earnestly hope that we will go forward during the next year, that we will pray, work, and give for this cause with renewed zeal.

#### REPORT ON HOME MISSIONS

Ours is a republic in which every man may worship God according to the dictates of his own conscience, but when our fathers founded this republic it was the earnest desire that it should become a Christian nation. As yet their wishes haven't materialized, for out of the 92,000,000 and more in our great country only about 21,000,000 or 20 per cent, are members of any evangelical church. Out of 31,000,000 people within the bounds of the Southern Baptist convention, less than 11,000,000 or about 33 per cent are members of any evangelical church. In spite of the persistent efforts of the consecrated Christians during the past generations, there remains yet much pioneer work to be done. Scores of communities in many states do not hear the gospel message in its simplicity and purity. There has come about in addition a new kind of pioneer work. This is to

be found in the slums of our cities and sometimes on the fashionable boulevards. With the old tasks unfinished and many new and more difficult ones being added there come a more clarion call to Home Missions. Not only are there new fields to be occupied but the old ones must be better cultivated. There are more than 11,000 churches within the bounds of the Southern Baptist convention that are missionary Baptist in name but not in spirit for they give not one cent to missions. Not only is it the duty of the Southern Baptist convention to push this work but the duty of the Home Mission Board to assist by taking hold of this work. Three thousand unhoused churches in our convention territory with thousands of others in building that are inadequate to their needs, mutually appeal to us for a large and hearty support to the Home Mission Board in raising the Million Dollar Church Building and Loan Fund. The past year has been a good one for the Home Mission Board. It came to the end of the year free from debt, and with a small balance to its credit. The 1447 missionaries, only 25 of whom gave all their time to evangelism, baptised last year—both white and black-31000 candidates, organized more than 200 churches, built or improved 378 church houses, organized 758 Sunday schools. The 34 mountain mission schools, with 148 teachers and 5118 students, 64 of whom are preparing for the ministry, made gratifying reports. "No mission board in the world," says one authority, "has reported results one-half as large as these." No Home or Domestic Mission Board in America, so far as we can find, has had more than one-third as large results, though several boards have expended four times as much in the work. Because of the rapidly increasing population of the Southwest, the tidal wave of immigrants that is just beginning to pour into the South, the rapid growth of the cities of the Southwest, the new and complex social conditions, and the influence of the rapidly increasing wealth of the South. we need to enlarge our contributions to HomeMissions. The home board is asking this year from the Baptists of the South \$61,256. North Carolina is asked for \$40,000. Surely we will raise this and more. We recommend that we give 20 per cent more to the Home Missions this year than last and that the clerk make a calculation as to the amount each church will give and put it in the financial pledge instead of the pledge.

### REPORT ON EDUCATION

We note with pleasure the rapid advancement that is being made along all educational lines in Wilkes county. We feel that we, as a Baptist denomination, can't afford to neglect this important work; therefore we insist that our people cooperate with our faithful county superintendent in raising and maintaining a high standard in our public schools. To those wishing to do work outside of the public schools, we would recommend our denominational schools, calling special attention to our own school, Mountain View Institute. Brethren, let us stand by this institute by giving of our means to its developmen and by sending our boys and girls there. We would also call attention to Mars Hill College. For higher education, we

recommend Wake Forest and Meredith Colleges.

O. L. HAWKINS, Sec. REPORT OF THE WOMAN'S MISSION UNION OF THE BRUSHY MOUNTAIN. ASSOCIATION FOR YEAR 1913-14.

Owing to the distance of the Asso. this year, from our societies it was deemed best to hold our annual associational meeting at some place more easily within reach of our delegates, so this meeting was held with the society of the Wilkesboro church Tuesday afternoon, August eighteenth, at which time the various societies made their reports. A tabulated copy of this report for use in the minutes is enclosed.

A summary of this report shows about one hundred and sixty members of W. M. U., eighty-five of whom are children. The three Woman's Societies report over three hundred visits made to poor, sick, strangers, jail and county home; \$25.50 in cash and large quantities of clothing given to aid the poor; assistance in placing five children in institutions, and some medical aid to the sick.

Fifty-four Mission periodicals are taken in these societies. By special arrangement with our State Secretary we are permitted to count contributions to the Mt. View School as gifts to Home Missions, the same as if given to Mt. Mission Schools through the Union. For the purpose of furnishing a Reading Room, or Library, in this school known as the Dorris Wright Library, we have secured contributions amounting to \$49.50, besides a number of good books.

Contributions of the societies to the regular mission objects of the church, sent to Mr. Walters Durham, amount to \$137.66; Special W. M. U. expenses, Louisville Training School and those above mentioned amount to \$56.55 and local work by the Wilkesboro Society to the amount of \$102.96, making a grand total of \$297.17.

It is with humble thanks to God, who has so signally blessed our small efforts, that we present this report to your body, asking your prayers, your co-operation and your heartfelt interest in our work for the forthcoming year.

Respectfully submitted.

MRS. J. W. GARVEY, Pres. MISS ADDIE HOWELL, Sec.

W. M. U. Auxiliary to Brushy Mountain Association.

# BRAME'S CROUP AND PNEUMONIA SALVE

Brame's Croup and Pneumonia Salve is a certain preventative and specific. For Pneumonia, Pleurisy, Bronchiti, Cough, Sore Throat, Tonsilitis, Hoarseness, Catarrh, Asthma, Whoopingcough, Hay Fever, etc., it is unequaled. For Burns, Scalds, Boils, Corns, Frost Bites, the Grippe and Colds, there is nothing better on the market. Read the following testimonial:

"It gives me much pleasure to testify as to the merits of Brame's Croup and Pneumonia Salve. Not long ago I was threatened with a severe cold and upon retiring for the night bathed my throat and chest freely with the Croup and Pneumonia Salve and in the morning all traces of the cold had disappeared. We always keep a bottle on hand.

C. C. WRIGHT."

For sale by all dealers. If your dealer hasn't it we'll send post paid on receipt of price.
