Southeastern Students will have the opportunity to participate in a Bi/Polar Seminar on Friday and Saturday, August 1 & 2, 1980! This nine hour seminar, to be led by Professor Bob Poerschke presents a positive way of understanding yourself, other people and relationships. Benefits of Bi/Polar include gaining a better understanding and acceptance of your real God-given strengths and potential; an awareness of how you block your own success and how you can blend your God-given strengths in Creative Christian Living; a better understanding and appreciation of relationships with your marriage partner, your friends, your acquaintances and with your parishioners, and insights and plans of action into how to communicate more effectively at home and at work. Application blanks are posted on a number of bulletin boards, and are also available at the office of Bob Poerschke, room 301, Stealey Hall.
