## NOTICES

### SPECIAL LECTURE:

Professor Moshe Kochavi of the University of Tel-Aviv, Israel will give an illustrated lecture of the excavations at Aphek. Three seasons of excavation have shown that this site was occupied throughout most, if not all, of recorded history. Everyone is invited to attend Tuesday, April 8, at 8:00 p.m. in the Johnson Building A-V room.

### BUILDING AND GROUNDS NOTICES:

(1) A limited number of temporary employees will be hired for summer projects this year. Persons interested in being considered for a position must complete a form in the Buildings and Grounds office before April 21, 1975.

(2) We will soon be mowing grass again on the campus and in "public areas" of the seminary property. However, only the large mower will be scheduled to cut grass in duplex housing areas this year. Anyone who does not have access to lawnmowers, rakes, or other yard tools may borrow them on a sign-out basis from the Buildings and Grounds office.

(3) Persons using dumpsters for trash and garbage disposal are asked to remember to close the tops after dumping. These containers will be a source of odor and flies as the hot weather returns.

SEMINAR ON URBAN STUDIES:

M-366s, Seminar on Urban Studies, will be offered on campus and in the Research Triangle (Raleigh, Durham, Chapel Hill), July 7 -

August 1. Five hours credit is available, with Dr. Thomas Bland and guest resource persons leading the seminar. M.R.E., M.Div., M.Div. with R.E., Th.M and D.Min. students may enroll. Special application forms are available in the Registrar's office, and must be returned by May 1. Please contact Dr. Bland if you desire further information.

All Bulletin material should reach the office of the Director of Student Activities, second floor, Mackie Hall, by Thursday noon of the week preceding the event to be noted. Material may also be placed in the Student Activities box, second floor, administration building.
