Dear Dr. Montgomery:

Thank you for responding to my request for several of your articles. I shall purchase the books you mentioned as soon as possible.

I have found your instruction in the Apologetics course to be of inestimable value in the pastorate. Centering the discussion around the reliability of the New Testament and the historicity of the resurrection has left the ones to whom I have spoken without argument. Furthermore, your insistence on good scholarship in all that we do has disciplined me to be accurate and well-documented in my messages.

Thank you for being such an asset to my ministry.

Sincerely in Christ,

Rev. Tyler B. Flynn
