

Concord 54
April 3, 1940

my dear Friends of the Fannie Lee William
son Circle.

Once after a long tiresome
hot day on the train in Japan
● we went to a missionary friends
home to spend the night. The
first thing the missionary wife
I did was to bring me large cold
glasses of lemonade. In all my
life I have never had a drink
● that was more refreshing than
that. We never drink water on
the trains in Japan because
the water is not boiled. Unless
we carry boiled water along
with us we just do without.
● That day we did not carry
any so we did without. I will
never forget how wonderful that
refreshing lemonade was. Your
letter was just as refreshing
to my soul as that lemonade
● was to my hot weary body.
With all my heart I want to
thank you for it.

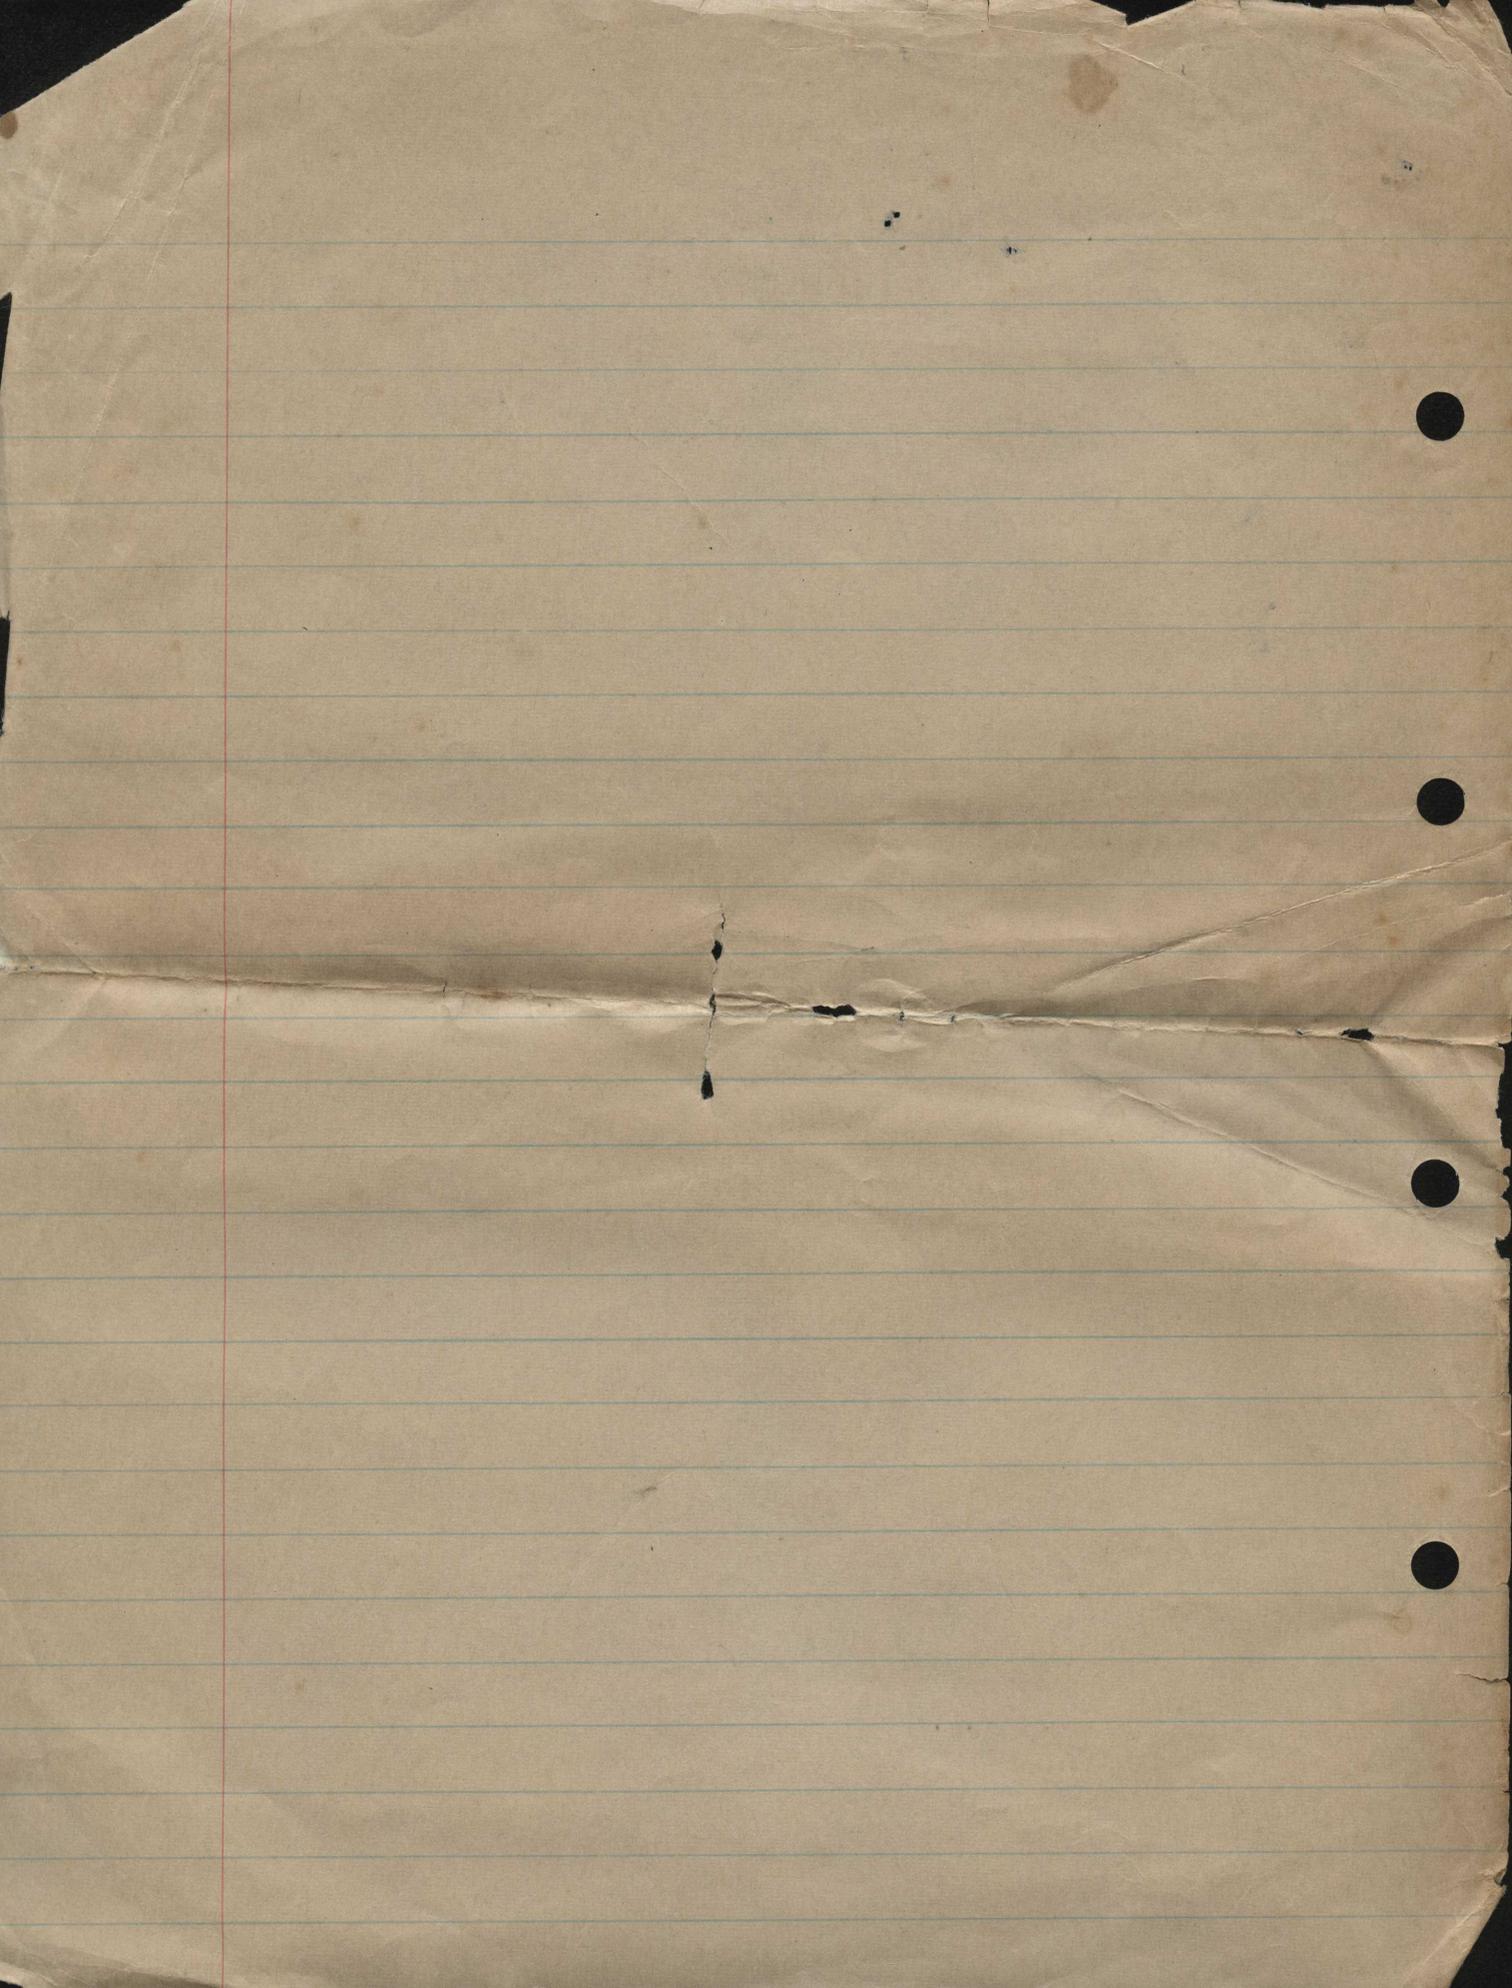

To thank God for the
privilege of being associated
with the Noble White Ladies

while we were in Macon. We will always be deeply grateful for the lovely shower you gave us just before we left Macon. You will never know how much food that meant for our souls as well as our bodies.

I will consider it a privilege to be of any service I can to you. It will be a pleasure to visit you again next November.

My life motto has been Proverbs 3:6 "In all thy ways acknowledge him, and he will direct thy paths." My favorite song is "We've a story to tell to the Nations"

Norman Jr. is senior in High School this year so he will have to go away to college next September. We have decided to send him to Mars Hill Junior College, Mars Hill North Carolina. He feels definitely called of God to preach so he will begin his study for the ministry at Mars Hill. You probably know that Mars Hill is one of the best junior colleges in the

3
south. As ³Marv Hill only has
two college years he will probably
have his last two years at
Mercer. When he gets down
there I hope your circle will
mother him for me.
