March 26, 1940.

Mrs. Norman F. Williamson,  
Concord, Georgia.

Dear Mrs. Williamson:

Thank you so much for your letter of March 22nd. You know how interested in whatever comes to you or to any member of the family.

I am enclosing a leaflet on the Margaret Fund. You will see that Norman, Jr. really deserves the Margaret Fund scholarship.

I feel that Mr. Williamson's service in Japan has justified you in making this application. I am writing to Mrs. H.M. Rhodes who is the Margaret Fund Chairman now and I feel sure that she will see that Norman is eligible. While he did not serve 20 years, I feel that Mr. Williamson's health was the real reason for your resignation. I have always felt that he was entirely too tired to go into regular study and while I do not believe he feels that he was broken down in nervous energy, I am prepared to say that this was the cause, since I think it would be unwise to bring up any charges against the powers that be.

With every good wish to every member of the family,  
I am

Sincerely yours,

*Blanche White*
