CLINICAL PASTORAL EDUCATION DAY

Several years ago Southeastern Seminary set aside a day each fall to highlight clinical pastoral education and to give students an opportunity to meet chaplain supervisors in this region. Our guests from CPE centers are listed below. They will be available to talk with students between 10:30 and 12:00 noon.

Information on nearby CPE programs is displayed on tables in the foyer of the chapel. You are especially encouraged to pick up the booklet by Hester and Cumbee, "Putting Roots Down in Pastoral Care: Guidelines for Further Training." This booklet will give you step-by-step guidance in finding out about CPE programs and in making application for admission.
