

BUILDINGS AND GROUNDS
NOTICES:

1. There has been some interest in being assigned space for gardens on Seminary property. Since we have very little cleared land that can be designated for this usage, you are encouraged to contact our office immediately if you would like to be included in the distribution of allotted space.

2. Gasoline push mowers and other yard tools will be loaned to seminary housing residents (to youth or children only when parents make arrangements) on a sign-out basis. Equipment must be picked up between 4:00 - 4:45 p.m. on weekdays, and returned between 8:00 - 8:30 a.m. on the next scheduled workday unless otherwise authorized in advance by Dave Lee or Clarence Pearce. All returned equipment will be physically checked by a designated Buildings and Grounds employee before borrowers will be relieved of financial responsibility for items borrowed.

3. Summer Work? We will soon select students to work with us on summer projects beginning May 24. Our main project work will require painters and custodial help, with a possible need for another person to help with general grounds work. Work day hours will be 8:00 a.m. - 5:00 p.m. with one hour lunch, Monday through Friday. The pay rate will be \$2.20 per hour. Persons able to work fulltime will be given priority in the hiring process. Anyone interested in working with us is asked to make application before April 23, 1976 at the Buildings and Grounds office.
