## **Employment Office Ministry**

The Employment Office ministry was established January 1, 1998 as a part of the Student Services division of Southeastern. We serve the students and their families by actively generating job opportunities within the community of the seminary. The office seeks to match the skills and expertise our students offer with contributing, encouraging employers that support seminary families. While the Employment Office cannot guarantee positions with employers, it can assist students in securing employment during their stay at the seminary. The services of this office include but are not limited to job placement, resumes preparation and employment counseling in regard to skill development. The objective is to seek employment based on the family, class schedule and incoming needs. The rigors of preparing for ministry can be trying at times, this office desires to assist in that preparation. Part-time and full-time positions are available. Any students or students' family members in search of employment should contact the Director of Employment, Tom Toner, at 556-3101, ext. 305

## Guidelines For Newsline Submissions

First, we would like to thank everybody who has worked with us in making the *Newsline* a more efficiently published newsletter, and we wish you a happy holiday as the *Newsline* takes one week off. Your support is much appreciated. Here are some gentle reminders for future submissions.

- Submissions must be made electronically, either on floppy disc or via e-mail at [gcarpenter@sebts.edu](mailto:gcarpenter@sebts.edu). This drastically cuts the time it takes to build each newsletter. This also helps to insure that your submission will be printed accurately.
- Submissions must arrive in our office, either via e-mail or by disc, by the deadline printed in each Newsline to assure that the item is included in the desired issue.
- No submissions should be in ALL CAPS. This defeats the purpose of having submissions delivered electronically as they have to be retyped. Also, please use a word processing program when typing submissions. Rich Text Format (RTF) is the preferred format.
- If the submission is to run over a number of issues, please let us know how many issues you would like for it to run (unless the submission is dated because those items will be pulled automatically).

Contact Greg Carpenter at [gcarpenter@sebts.edu](mailto:gcarpenter@sebts.edu) with your questions or concern, and thanks for your support.
