MARY G. WAILES

October 6, 1980

TO: Committee on Human Rights

Subject: Referral of 1980 Conference Resolutions for study & report.

Enclosed are 10 resolutions adopted by the 1980 Conference of Delegates and one Conference Committee report on 1979 Conference Resolution 3-6 which impact upon the area of interest of your committee. Two of these resolutions (7-3 and 7-6) were amended on the floor of the Conference and the amended version is enclosed.

A report on each of these resolutions is requested of your committee no later than December 31, 1980. The report should be in sufficient detail to convince a legislator to introduce the proposal and the appropriate legislative committee to approve it. In the event your committee disapproves a particular resolution your report should be in sufficient detail to convince the Executive Committee of the Conference of Delegates not to introduce it.

Very truly yours,

William B. Eades

Director

Dept. of Sections & Committees
