Re: AB 185 + AC R 17

Dear

John

The above referenced bill(s) has been assigned to you for review. Our next meeting is on Saturday February 5, 1983, so you have less than a week to prepare. My apologies for this short time fuse, but it was unavoidable.

Please remember to obtain current information about the status of the bill or bills assigned to you before coming to the meeting. We have a large number of bills to discuss on Saturday, and if we can avoid taking time on bills that have already died it would be very helpful. Also, please remember to call Gary Bostwick or me if you are unable to attend the meeting. If you cannot attend we would appreciate getting either an oral or written report about the bill(s) assigned to you before the meeting.

There are a lot of interesting bills to discuss on Saturday. I hope to see you then.

Thanks for your help.

Ellen
