

12 March

Dear Dr. Montgomery,

Steve Kumar of New Zealand recently contacted me about the possibility of speaking on the basis of your recommendation, and I want to express my thanks to you for your kind words.

With regard to the debate with Nielsen, I have not forgotten my promise to send you a transcript, but the tape was exceedingly poor (a hockey game was being picked up somehow by the PA equipment at the same time) and a portion of Nielsen's remarks were unrecorded. He agreed, however, to supply the missing remarks and wanted to polish up the rest, so I am still waiting on him. Off and when I get it from him, I'll send your copy.

By the way, the debate went very well. Nielsen's response to evidence for the resurrection was that perhaps Jesus was not really dead, etc.!

Sincerely,

Bill
