Report as follows:

REPORT ON PERIODICALS

'There are three ways of promoting religion: by preaching, by personal testimony and by printed page. If any one of these three ways is neglected, Kingdom work suffers.

Since there is being placed in the hands of our people more "Cheap literature" than ever before, it becomes still more essential that we place in our homes wholesome literature to counteract the other.

For ninety-eight years the Biblical Recorder has served North Carolina Baptists. The past year was financially the most trying in twenty-five years. The circulation has been on the decline each year since nineteen hundred and twenty-nine. Not only must this decline be stopped, but we must greatly increase the circulation during the next few years if we are to go forward in our denominational work at home, and on the foreign (fields. To this end we recommend that each pastor in this Association urge his people at least to double their subscriptions to the Recorder this year.

There are other publications fostered by certain departments of our work that should be read my many of our people.

Charity and Children, published by The Mills Home, gives

valuable information not only about our Orphanage, but also about Other phases of the work.

-7-

Royal Service, Home and Foreign Fields, and World Comrades are missionary publications that should reach and be read in every Baptist home in the Southland.

Respectfully Submitted, W. C. Reed, for the Committee.

Report on Orphanage by J. T. Gribble was read and motion to adopt. Discussion by I. G. Greer, of the Orphanage who presented the two Clayton girls from Beta, and made a stirring speech. Miss Sallie McCracken, Miss Mervin Clayton and Miss Helen Clayton were recognized. Report adopted. Report as follows:

REPORT ON ORPHANAGE

Do not judge from the brevity of this report that this instituion is just drifting along without accomplishing any worthy results. This is not the case at all.

Since November 11, 1885, the date the first child was enrolled until July 24, 1933 we have enrolled 3022 children in this home. At present there are 633 children at Thomasville and the Kennedy Home at Kingston. To this number should be added 215 children who are receiving the benefit of the Mother's Aid, one phase of the work making a grand total of 848.

The Auditors report reveals the fact that the daily cost of maintaining the institution will average \$425. That it cost the Orphanage \$20.25 per month to care for one child.

That one day's supply of food would require one whole beef, 2 barrels of flower, 4 bushels of corn meal, 12 bushels of sweet potatoes, 6 bushels of Irish potatoes and other items in proportion.

Before closing your Committee wants to say that this institution is dependent to a large degree upon 2374 Sunday Schools for its support. The once a month offering and the Thanksgiving offering. Less than 600 Sunday Schools Contribute to its support.

J. T. Gribble, for the Committee

REPORT ON S. C. I.

Report on S. C. I. read by G. H. Cope, as follows:

For more than thirty years, this Association along with a number of other Associations in Western North Carolina, felt that in Sylva Collegiate Institute we had an institution in which our boys and girls could receive a Chrstian Education and then go out to higher institutions of learning or enter life's work with a well rounded education in which the heart has been trained as well as the mind.

Baptist and other friends of the school were very zealous in their support of the institution and it became a vital part of the Baptist life in this section. Churches, B. Y. P. U.'s, Sunday Schools and other denominational organizations were strengthened by its influence all over this section. From its halls have gone some of the finest young men and women that this country has had and are to-day serving nobly in the task that God has assigned to their hands and are reflecting the credit and honor upon the denomination that gave them the opportunity for the training that they received at S. C. I.

-8-

To-day, Sylva Collegiate Institute, like many others of her class and rank, stands idle and numerous boys and girls worthy of a Christian Education, are deprived of it, probably because man or men sought to substitute their plan or plans for God's plan. We do not know what the future holds for the school, but we do know that the Baptist in this section has lost a mighty power for good from her ranks.

Respectfully submitted, G. H. Cope, for the Committee

STATE MISSIONS

About one half of the church members in North Carolina are Baptist. This is probably due to the aggressive State Mission program of our State Mission Board. Churches that were once poor and aided by the State Mission Board have not remained poor. For example, a church once aided by the Board gave last year to cause outside of the local church more money than twenty-five entire associations.

The board has also aided churches located in strategic places, such as college centers.

Due to the lack of funds, the board was able last year to aid only about one third the number of churches as was aided a few years ago.

The Sunday School and B. Y. P. U. Departments have done splendid work. Some time ago 5000 people in 85 churches were studying Sunday School Methods.

Splendid work has been done through our Building Evangelist and our representative to the colored Baptist of North Carolina. Due to the lack of sufficient funds both these departments will have to be discontinued.

The work at Oteen and the work with our Indian brethren will be continued as heretofore.

One of the finest opportunities and one of the greatest responsibilities ever before us is the rural church. Dr. Truitt once said: "Save that little country church. It may not give much money, but it will give you preachers of the Gospel."

Your committee recommends the observance of State Mission day in every Sunday School in the Association. The last Sunday in October has been designated for that purpose. Lets make a great mission offering on that date.

Respectfully submitted, for the committee, J. Gray Murray.

Bro. Murray spoke on the report. Report adopted. Report on Foreign Missions read by Bro. I. K. Stafford. Motion to give the time to Bro. M. A. Huggins, Sec. of State Missions in N. C.

Report on Foreign Missions as follows:

REPORT ON FOREIGN MISSIONS History

On May 8, 1845 a group of our Baptist Fathers met in Augusta. Ga., and organized the Southern Baptist Convention "For the purpose"—as stated in the Constitution adopted at that first session—"of carrying into effect the benevolent intentions of our constituents by organizing a plan for eliciting, combining and directing the energies of the whole denomination in one sacred effort for the propagation of the gospel."

One of the chief agencies adopted by the Fathers at the first session of the Convention for carrying out their plans for the propogation of the gospel, was the Foreign Mission Board. At the October meeting of the Board last fall, Dr. Charles E. Maddry, Former North Carolina State Secretary of the Baptist State Convention was elected Executive Secretary with Dr. T. B. Ray as associate. Dr. Maddry succeeds Dr. J. F. Love who rendered such faithful service until his home going. This makes two North Carolina Baptist leaders to hold this important office in succession.

The Present Distress of the Work

During the last decade receipts have fallen so low that it is heart breaking to think of the cuts necessary to balance the budget and try to live within the income. The Foreign Mission budget has been reduced more than 50 per cent since 1926. A a result native workers have been dropped, missionaries forced to resign and appropriations reduced at all places. Last year we gave \$805,578.32 for Foreign Missions. In 1926 we gave \$2,272,197.96 which means that within six years the Foreign Mission Board received 68 per cent less or 32 per cent of the amount in 1926. Thirty trained Missionaries have been forced to stay at home and through death resignation and broken health the Board has lost 147 Missionaries in the last six years and no one has been sent to fill these vacant places. We are made to wonder how long our mission work can continue at the present rate of decrease of men and money.

The women of the Southland through the Lottie Moon offering, which amounted to \$129,296.97, came to the rescue and provided for 103 missionaries and their families and saved the Foreign Mission Board from embarrassment.

Gratifying Progress

Despite the declining receipts there has been gratifying progress on all fourteen mission fields where our missionaries are at work. They have never seen such a wave of old-fashioned New Testament Evangelism. In China, especially, where civil war and all its ills curse the country multitudes of the lost are turning to Christ.

There are now 185,126 church members on the fourteen missions fields and 17,284 baptisms were reported last year. This is 691 more than were reported the year before. There are 803 ordained native preachers which is ten times as many as we had 25 years ago.

Our Debts

On Jan. 1, 1932 the debt on the Board was 1,145,657.08. During 1932 the principal was reduced 330,479.91 and up to May 1933 it was further reduced 20,490.90 leaving a balance of 1,094,686.27 due.

At the Convention in Washington the Baptist Hundred Thousand Club movement was launched to pay off the debts on the Convention and set the agencies free. The idea being that those who loin will pay \$1.00 per month over and above their church pledge for the cancellation of the debts as rapidly as possible. This was favored by many and seems a hopeful solution if the people will respond in a worthy manner. Our leaders in North Carolina did not find sufficient reason to support it and yet one can, if he wishes, become a member and send his contribution to the Foreign Mission Board designated for the Hundred Thousand Club and it will be applied.

Recommendations

Your committee recommends the following:

- 1. That we pledge our support to the Cooperative program as the best method vet found to carry on our mission work.
- 2. That we urge all our churches and pastors to inform themselves on the subject of Missions as to achievements, needs and possibilities, and in the light of the facts and the call of the Great Commission do our duty in this great cause.
- 3. That the Executive Committee of the Association take steps to enlist our churches in the support of Missions by securing the cooperation of the pastors in preaching on Missions and taking an offering for Missions at least once a quarter.

Respectfully submitted,

I. K. Stafford, Committee

Reading report on Home Missions as follows: by R. F. Jarrett:

During the past decade, our most prosperous years, we have thought of our missions work in terms of dollars and cents. We have thought bonds, banknotes, interests, and debt paying. We had almost lost sight of the larger aspect of the work, but as a matter of fact we still have missionaries in the field winning souls to Christ.

The South is a great mission field, consisting of more than a million square miles of territory and about 40,000,000 people. This vast expanse of territory is known as the Bible Belt,, but as a matter of fact only 40.3 per cent of our population over ten years of age are enrolled as members of any church. Of this 40,000,000 people about 15,000,000 are Negros and foreigners. In large sections Catholicism is as powerful and intolerant as it is anywhere in the world.

Despite adverse donations the Board has wrought well during the past few years. It of course has been operating on an ever decreasing incline, but it has balanced the budget each year, lived within its income, met its payments promptly and reduced its debt \$659,374.00. While doing this of course it has been necessary for the Board to reduce its workers, but it has not abandoned any mission lifelds. During the past years there were a total from all departments of 3128 baptisms. In several departments there were more baptisms this year than last.

The board has interpreted missions to be largely the making and baptising deciples. It has, therefore, concentrated on preaching the gospel in Cuba and Panama. and to the foreigners, the Indians, the Negroes, and the congested centers in the cities in our homeland.

It is for this task that Southern Baptist are asked to give to Home Missions. There was never a greater need than now. May we not disappoint the Master in these trying times when it is Christ or Chaos.

Report on Ministerial Relief read by G. C. Snyder, and adopted. Report as follows:

MINISTERIAL RELIEF

The benevolent work of the Board from its foundation by the convention has been conducted under two divisions.

First: Relief, and second Annuities.

The Board has never deviated from these two methods of operation, though it has broadened the scope of its annuities Department. The funds that it has gathered through the years for Relief have been applied strictly to Relief work, and the funds gathered for Annuity have been applied strictly in that direction. These two funds are administered separately and neither is drawn upon for the payments of benefits through the other.

The Relief and annuity Board has magnified this phase of its work in every proper way open to it. Thousands of our churches have never been developed to the point of providing the necessary current support for their ministers. So long as we have such churches the denomination will be compelled to come to the aid of these ministers when they can no longer serve. Would God that more of our ministers would bring the cause of Ministerial Relief squarely and freely to the attention of their churches. If they could be induced to do this there would be many special gifts land on the alter by their members for Ministerial Relief. In a time of depression like this the needs of aged ministers increase while the benefits decrease, and the loved ones upon whom these aged ones have leaned being themselves in financial straits, are often not able to supplement the reduced benefits, which the Relief Board send them. Thus they are often found in a pitiful condition, and we should think of them as legion, for they are many. Every penny given for Ministerial Relief is so applied without the deduction of any costs of operation whatsoever.

The Annuity department is exceedingly important that mini-

sters and churches give consideration to this phase of the Board's work. It is for the purpose of preventing dependency in old age on the part of our ministers and their widows. A truly worthy service is being rendered through this department.

We should study to know more of these Departments that we might give more freely.

Respectfully submitted.

G. C. Snyder.

M. A. Huggins made remarks. Report adopted. Report on Stewardship was read by Mrs. L. L. Shaver. Report as follows:

REPORT ON STEWARDSHIP

S'ewardship is trusteeship. Everyone is familiar with the principle of trusteeship, as when a banker receives and holds in trust the money of depositors: or when a lawyer holds and administers the funds of orphan children. Stewardship is, then, administering that which belongs to another for the benefit of the owner. The goods which a trustee holds are committed to him "in trust" just as in the parable of Jesus the ten pounds were committed to the ten servants to be used for their master's benefit.

Christion stewardship, as taught in the New Testament means that the Christion holds that which he possesses as God's to be used for Him.

Stewardship is inevitable for the Christion as between man and man the matter of assuming a trust is optional, but as between man and God everyone, Saint and sinner alike, is a steward. because life itself is a trust. God so considers it. Our daily bread as well as our daily breath is from God. The sinner may not acknowledge this trust, but the Christion is bound to do so. No dutiful Christion will try to evade it. To acknowledge it and live accordingly bring life's riches blessings.

There is abundant scriptural background for the principal of Stewardship and for the giving of the tithe as well. Not only in scripture, but also in history, may be found interesting examples of the practice of these great principles.

It is vital that our young people begin to assume a personal interest in God's plan of financing their church. For too often our churches fail to call on the young membership to consider the finances of the church. On them rests the hope of tomorrow and they must be enlightened in order to effectively carry out God's plan of scriptural giving.

May it be the hope and purpose of every member of this association that stewardship and systematic giving, according to scriptural methods may become the happy solution of all financial problems of the Kingdom of God.

Respectfully submitted.

Mrs. Ethel Shaver

Remarks by Mrs. Shaver. Report adopted. Report on Christion Education read by Bro. Frank Rhinehart.

CHRISTION EDUCATION

Realizing, after the return from captivity that the future existence of the Hebrew people would depend not upon their military strength, but upon their moral unity they began the evolution of a religious school system to meet the national need. In 64 A. D. a school was established in every village, made attendance compulsory for all male children and provided religious instructons. As a result we have today the interesting result of a homogenious people Christian Education.

This educational system was brought to America by the Pilgrims. They began immediately the training of their people in the Christion faith. This phase of education has greatly influenced, not only our ministers, but others in different walks of life. Ninety percent of the law workers of our country, eleven justices of the Supreme Court of the United States, 27 of the Presidents of the United States, 94 per cent of the ministers have been trained in Christian Schools.

Building on the old Hebrew moral law and the importance of the pe sonal life, Jesus made his appeal to the individual, and sought the moral regeneration of society through the moral regendration of the individual men and women. In a series of simple sermons, Jesus set forth the basis of Christion Education, which he after him his deciples offered to the world.

Our few remaning Christian Schools cannot compete with our state schools in every way, but they can be efficient schools that place emphasis upon Christian Education. Therefore let us as a Baptist denomination rally to the support of these schools and help them to administer to the young people of the country the great principles for which the master lived and died.

Respectfully submitted.

Frank Rhinehart.

Report on Hospitals, read by R. L. Cook. Report as follows:

"HOSPITALS"

We, your committe submit the following report to the Tuckreseigee Baptist Association. Ten years ago our Hospitals was but a shel, unfinished, and unfurnished. There were many people who opposed this new adventure and others who felt that it would be a burden on our denomination, but how the years have demonstrated the wisdom of those who gave birth to the great institution and won the sympathies of those who doubted or waited to see the outcome, 21,000 patients have been cared for in these years, and over 9,000 have been helped financially. Either as part pav or free patients. Our death rate has been remarkably low and most of those who come to us for help went back home repoicing in new health. A fine nurses home has been built and paid for at the cost of \$50,000. \$6,000.00 of our indebtedness has been paid. We have carefully selected from our medical fraternity one of the finest staffs of physicians and surgeons in the South, and these men are giving their best of time and skill for the healing

of those who go to our institution. A statewide condition of sympathy and cooperation has been developed. We are grateful to our Baptist people for their response to the challenge of our Hospitals for the care of our needy sick, and assure them that we are looking into the next decade with great hope and enthusiasm.

In the year that threatened the very existance of our strongest institution, the hospital received continued evidence of love and sympathy of our Baptist people and have been able to render its greatest ministry of healing and life this has been our hardest year. Distressing financial conditions, work and unfavorable living conditions have greatly increased our demands for free service and at the same time our income from all sources has greatly decreased. Private Hospitals have been compelled to limit the amount of

Private Hospitals have been competed to make of patients on charity work and that has thrown a larger number of patients on the Baptist hospital, from all over the State. These people must help in this emergency our Baptist hospital is located at Winston-Salem this is our hospital, fellow Baptist. We urge that you will make possible the opportunity for these needy sick ones. They are our brothers and sisters, our Baptist children that need our help. Do not force us to close our doors to one of these little ones and leave them to go on handicapped by disease or deformity. We appeal to you to meet the needs by these two simple means, which can be met by every church in the association without embarrassment to any individual. First, pray for us. Second, talk about the hospital and make a liberal Mother's Day offering. Send us your pay patients. Send an offering along with your charity patients and we will give them the best we have to aid them in the

battle for health and life.

Collection of the U. D. F. \$5.90.

TEMPERANCE

Temperance is one of the great fundamental truths taught in the Bible. God commanded that all people everywhere observe this doctrine. Several things might be considered under the head of Temperance, the chief among these is the liquor traffic in all its forms. It has cost the world untold lives, has left widows and orphans, wrecked homes, blighted intelect and caused misery and suffering throughout all ages. We the Baptist of the Tuckaseigee Association have a great challenge. 1st to enforce the present laws —we now have—2nd to vote on November 7th against repeal of the 18th Amendment to the Constitution. 3rd to only elect men to office who have proven themselves true on this great question.

Report of W. M. U. read by Mrs. G. C. Snyder, Report as follows:

REPORT OF W. M. U.

The annual meeting of the W. M. U. met June 21, 1933 in the Speedwell Baptist Church and rendered a splendid program. The meeting opened by singing All Hail The Power of Jesus Name. After which Mrs. L. L. Shaver read the 23 Psalm and led in prayer.

The report of Mrs. C. L. Allison Personal Service Chairman was read and Dan Cook, winner of the R. A. Stewardship contest in the Tuckaseigee Association and Asheville Division, and our representative in the State Contest in Winston-Salem was recognized and expressed his interest in R. A. Work, and in the stewardship contest, and his appreciations of the privilege of taking part in the contest.

A message was read from our Supt. Mrs. W. N. Cook, who was unable to be with us because of the serious illness of her sister in Ala. Mrs. Cook was able to give only a partial report of her work because her records were all in Webster and she in Ala.

A special prayer for God's sustaining Grace in her hour of need, was led by Mrs. L. A. Buchanan and Mrs. L. L. Shaver was asked to write Mrs. Cook. conveying to her our love and sympathy. Many of our members from Sylva, and other societies were prevented from attending this meeting on account of the funeral of Mrs. Anna Allen which was held in Sylva at this time.

Mrs. L. L. Shaver talked on the W. M. U. training School in Louisville, Ky., and Mrs. Harris and Mrs Murray made some practical suggestions about things we may do for our N. C. girls who are in the training for future service.

Mrs. L. A. Buchanan told of the Heck memorial, an offering which is made each year on the birthday of Miss Fanny E. S. Heck as amemorial to her useful and consecrated life. This year the offering is to be divided between Dr. John Lake's Leper Colony in China, and Green's Hospital in Afrira and the Colder T. Willingham School for Boys in Japan.

We were happy to have with us Mrs. Edna R. Harris of Raleigh who talked to us on some W. M. U. fundamentals, stressing our -19-

motto for the year, "Launch out into the deep and let down your net."

Launch out:

First, in giving. Second. in going to the end of the earth. Five million more pieces of penny candy sold last year than the year before, and yet we will say we have nothing to give. If the money spent for chewing gum and soft drinks had been given to missions all debts on our boards could have been paid with 13 million dollars left over. Money spent on Sunday outings would more than pay our debts. Movies are crowded and yet we say we have no money to give. Two out of every three people in the South are unsaved. This is our problem. Mr. Baker, Missionary, shoveled snow in Greenville, S C. to earn bread for his family. No wonder he had nothing to send to his son Herbert who is a Margaret Fund student at Mars Hill College. Third, in our prayer life a remarkable answer to prayer has taken place in our midst in the return of the Powells to Africa. When we launched out in faith believing the answer comes. Fourth, with our young people. The R. A. of Va. have sent Edwin Dozier and his wife (who is a N. C. girl) of Japan to work in Colder T. Willingham school for boys. The morning session was brought to a close with prayer by Miss Edith Buchanan.

Lunch was then served.

Afternoon session was opened by singing "Jesus Calls Us" after which Mrs. L. D. Cowan, of Webster read R. 10: 8-13 and Rom. 12:33. Prayer was led by Mrs. J. Gray Murray.

Miss Edith Buchanan spoke on Royal Service, giving a splendid presentation of her subject. Dan Cook spoke on Royal Ambassador work, giving the history and some of the aims of this our organization for boys.

Mrs. Murray who was presiding in the absence of the president appointed the following nomination committee: Mrs. L. L. Shaver, Chairman, Mrs. T. F. Deitz, and Mrs. H. E. Monteith. This committee will be asked to report at our next quarterly meeting and the time and place of our annual meeting will b_e selected at our next quarterly meeting also because few of our societies were represented.

Our next quarterly meeting will meet with the Beta Society in September.

Mrs. Harris then conducted a conference period which was very helpful. Most of the discussion being on mission study and our apportionment about which questions were asked.

Closing prayer was led by Mrs. L. L. Shaver.

Mrs. J. Gray Murray, Supt. Pro Tem Respectfully submitted, Mrs. G. C. Snyder, For Committee

Mrs. W. N. Cook Spoke to the report after which the moderator T. F. Deitz led in prayer.

Bro. M. A. Love made inspirational address. Motion that we extend our thanks to the people of Scotts Creek Cnurch for their fine hospitality.
