Dear Dr. Montgomery:

Thank you for joining with Dr. Bright and the National Committee to make this year truly special. As you know, your role as a National Sponsor will be key to getting the news into every influential circle in America--quite an undertaking.

You will be receiving a packet of materials soon that will help, but the genius needed to make this grass-roots campaign work will come from people like you. I encourage you to think of ways to challenge your school to refocus on the marvelous gift of God's Word this year.

A last area of concern is, of course, finances. We expect our materials to become self-supporting by summer, but start-up, printings, and mailings are very expensive, especially when we are talking about 800,000 pieces over the year. This plus media advertising will be very expensive to initiate, but again, we believe this will become self-supporting. You or your organization may wish to help, and if able we would certainly be appreciative.

We are grateful to have your influence helping to make this truly God's Year. Let me help you in any way I can as you make the year really count for Him.

Sincerely,

Glenn A. Jones  
Executive Director

"I have the pages of the answer to  
the questions that you have asked."

Ronald Reagan, Secretary  
of the Blind, February 3, 1933

Mr. John Barker Montgomery  
Dean, Simon Granger School of the  
Blind, 1000 K Street, N.W.  
Washington, D.C.

Dear Mr. Barker Montgomery:

Thank you for coming with Mr. Barker and the National  
Council to make this year truly special. As you  
now, you are a National Council member, all of us  
seeing the new into every industrial circle in  
America--this is wonderful.

It will be a privilege to meet at Washington soon. I  
will be glad to see you and the people like you. I  
hope you will come from people like you. I  
and thank you for coming off to see me and your school  
to return on the National Council of the Blind. I hope this  
year.

At least there is something of course, I think. We  
expect our assistance to become self-sufficient. I  
think, but I don't know, and I don't know. I  
expect, especially, when we start in about 1933,  
I hope that the year. I hope that the year. I hope  
to see you again, but I don't know, and I don't know.  
I will be glad to see you and the people like you.  
I hope you will be glad to see you and the people like you.  
I hope you will be glad to see you and the people like you.

We are grateful to you for your influence to see  
this year. God bless you. I hope you in many ways.  
I hope you will be glad to see you and the people like you.

Sincerely,

Blind, U.S.A.
