#### Report on Duty of Deacons

We, your committee on Duty of Deacons, submit the following: (1st.) Their duty is to set their own houses in order; see that no impostors enter and molest, bringing our Lord to an open shame. (2nd) Do all they can to get every member on the line of giving, so that they may be able to meet the needs of the poor and needy. (3d) They should make themselves familiar with all the brethren of their community so that their influence may reach out over their bounds. (4th) Let not the deacon neglect the gifts which was given him by prophecy, also with the laying on of hands of presbytery. Let him meditate upon these things giving himself wholly to them, that his profiting may appear to all, taking heed unto himself and the doctrine continuing in them, for in doing this then shalt both serve thyself and them that hear thee. J. M. UNDERWOOD, Chairman.

#### Report on State of the Churches.

We, your committee on State of the Churches, find that some of our churches are progressing wonderfully, while others are not doing much. On the part of some of our churches there is a noted increase of spiritual life and energy, which is demonstrated by the increase of membership and the amount of contributions this year over previous years. We find there is about one-fourth of the church members who bear the expenses of the church. Every member should do something for the Master's cause. We find a great lack of prosperity upon the part of some of our churches. We fear that a great portion of this lack is due to the pastors failing to visit those who fail to attend church and instruct them. Some of our churches are sleeping over their responsibilities and their opportunities. A combination of effort in the Master's cause means success.

G. F. BURGER, Chairman.

#### Report on State Mission.

We, your committee on State Mission, submit the following: Seeing that the state mission work is of so great importance, and that the interest of said work is not what it should be among our people, this fact is plainly manifested by the shortage in contributions, we therefore most sincerely urge our people to be loyal soldiers of Christ

and put forth a greater effort in the future in this important work.

W. L. McNABB, Chairman.

#### **Report on Evangelism.**

We, your committee on Evangelism, submit the following: We believe that the spirit of evangelism is to be found in the New Testament, and we believe this is a great work and is much needed, and we recommend this work to be kept up and are very sorry that this work has not been carried out like it could have been had our evangelist not had providential hindrances. W. D. HOGSED, Chairman.

#### **Report of Evangelist.**

I, your evangelist, submit the following report: Miles traveled, 425; sermons preached, 45; conversions witnessed, 25; baptized, 16; prayers offered, 75; homes visited, 70; Sunday schools organized, 4; received on the field, \$46.

W. S. SIMONDS.

#### **Report on Periodicals.**

We recommend the Biblical Recorder, the organ, and the Foreign Mission Journal. We recommend that our churches patronize our state publishing house in purchasing their literature, thereby keeping in touch with our home brethren and home work. Last but not least, we recommend the Bible as the book of all literature, and urge that our people read and study the Bible more.

H. B. ELLIOTT, Chairman.

#### **Report on Education.**

We find that our people are becoming more and more interested in a christian education. We find that our people are becoming awakened to their best interests and the great need of a more thorough education to prepare them for the great work the Master has called them to, without which we believe that his children will not accomplish their mission in the world. From observation we do not believe the masses of the people will ever attain to this high standing of education without a school in our midst. To this end we recommend that the Bellview school be located at Friendship church; and we further recommend that the trustees meet Nov. 3, 1909, and consult about this matter. Brother Burger has agreed to donate 25 acres of land for said school.

J. M. UNDERWOOD, Chairman,

Per H. B. Elliott.

#### **Report on Foreign Missions.**

We, your committee on Foreign Missions, submit the following report: We rejoice to see an increased interest in our Foreign Mission work. Even last year, a time of financial depression, our offerings from the United States and Canada increased 602,000. Our increase on the foreign field was even more remarkable. It increased 100,000. We had an increase last year of 164,000 converts, 450 per day. We have won in the last 12 years 1,000,000 souls, as many as in 100 years previous, while church members in the United States last year increased only one and one-half per cent. The increase in the membership of our American missions abroad was 12 per cent. During

last year there was an average in the United States of two members for every protestant minister while there was an average of 41 for every ordained American missionary abroad. Can these glorious results fail to stimulate us to work more zealously in this great cause.

A. K. DICKEY, Chairman.

#### **Report on Temperance.**

We, your committee on Temperance, beg to report that the cause of temperance is spreading fast, as our state and all our neighboring states have gone dry, and are doing all they can to destroy this dreadful curse and one great evil. We believe that a continuance of faith and prayer will exterminate this evil. We further assert that we will not support any officer who is not opposed to the manufacture, sale and drinking of intoxicating drinks. Pray let us all preach and practice temperance until the whole nation shall be freed from this evil.

GEO. CHRISTOPHER, Chairman.

Report of G. F. Burger, Missionary of the Liberty and Ducktown Baptist Association: Days of service, 57; conversions witnessed, 28; baptized, 8; received on the field, \$25; pastored one church four months, received from the church \$16; homes visited religiously, 25; miles traveled, 600; on account of sickness I have only worked about two and one-half months on the field.

G. F. BURGER.

#### **Report on Home Missions.**

Your committee on Home Missions submit the following: The Home Mission Board of the Southern Baptist convention, located at Atlanta, Ga., have, and are doing work in all of the southern states east of the Mississippi, also in Cuba and New Mexico and other points. It is the spirit of said board to evangelize the thousands of lost men and women in this large and needy field by giving them the bread of life through and by the faithful preaching of Jesus Christ the only Savior of lost sinners. God has graciously blessed the work done on the field for the year that has gone by; 1,066 white missionaries with eleven evangelist workers was employed by the Board last year. God has blessed the work done with 4,732 professions of faith in Christ, baptisms 24,668. Viewing the great blessing of God bestowed on the home field we should have a strong faith in God and his promises and do more to support the work.

J. F. MCGEE, Chairman.

#### **Report on Orphanage.**

Your committee on Orphanage submit the following: For 23 years the Baptists have been providing a home for orphan children. Through all these years the rich blessing of God has been upon the work. Many of the poor, needy and helpless orphan children of our state have been fed, clothed, sheltered, educated, and brought to Christ. Many of this number have gone forth to work for God and help to make this world better. Last year 360 were cared for by this God-given institution. As the years come the numbers increase that need our support, sympathy and care. May God help the churches of the Liberty and Ducktown Association to get the orphanage work deep down in their hearts. Then our gifts to the support of these little ones will enlarge as the years come and go.

G. F. BURGER, Chairman.
