Dear Dr. Montgomery:

It was a real pleasure to have you with us both for our chapel and our Theological Colloquium class. The students thoroughly enjoyed your presentations and found them helpful and challenging. I was glad that you were able to bring your wife with you. We appreciated your both taking time from your busy schedules to be here.

I trust the Lord will continue to bless you in your new school. There is certainly a great need for such training. Perhaps some of our students will be able to take advantage of some of the courses or programs you offer.

Sincerely in Christ,
