Dear Dr. Montgomery:

We are thrilled for your willingness to serve on the Panel of Advisors for MARS HILL ASSOCIATES! Thank you for your interest. May we work together fruitfully and produce significant materials which will find much use within evangelicalism, and, hopefully, elsewhere. Above all, let us trust our work will minister to many Christians.

Of course, you will want to know who all your colleagues on the Panel will be. Almost all the invitations to serve have been answered, and the enclosed list of affirmative replies is for your information. We have a very strong Board, representing a fine and able group.

Our work will begin with a volume on evangelicals in education, an initial mailing of questionnaires probably being sent out in a few months.

Again, Tim Jenks and I want to say how very pleased we are of your joining our team. Thank you for your encouraging help. We will communicate more a bit later.

Sincerely yours in Christ,

Leonard George Goss
