

SOUTHEASTERN BAPTIST

OCT 6 1982

SEMINARY LIBRARY

The fall enrollment shows a steady increase this year. There are 1282 enrolled in all degree programs. This compares to 1268 for the fall term last year. The basic degree programs (M. Div. and M. R. E.) continue to flourish with an increase of fourteen students. There were more "no-shows" this fall than ever before, an evidence of the deepening economic conditions throughout the country.

FALL ENROLLMENT

Southeastern's four new trustees were on campus for a period of orientation, September 6-8. The program provided time for a review of the recently completed new trustee manual, a project made possible by a generous grant from the Lilly Endowment.

NEW TRUSTEE ORIENTATION

President Lolley has resumed his on-site visits to all new trustees, just completing a week-end with trustee David French in Warren, Michigan.

Eleven students were honored September 30 with awards of Raymond Bryan Brown academic scholarships for 1982-83. They come from throughout the seminary's feeder system and represent some of the finest students in their respective colleges. The scholarship has been established in memory of Southeastern's famous Dean.

BROWN SCHOLARS

Two meetings have been held during the past month with the architect at work on a program narrative and schematic drawings for the Ledford Student Center. Concensus has been reached by all the parties involved (with considerable student input) and the plan will be presented to the trustees, October 11-12.
