

SOUTHEASTERN BAPTIST  
OCT 08 1981  
SEMINARY LIBRARY

The M. Div./M.R.E. enrollment went over 900 for the first time in Southeastern's history this fall term.

FALL  
ENROLLMENT

Coupled with students enrolled for other degree programs (D. Min, Th. M., A. Div.) the total enrollment for the first semester is 1,268 -- up 2% over the last fall enrollment (1,246). The noteworthy element in the new semester is the continuing strength of the basic degree programs M. Div./M.R.E. These are up 41 students this fall.

The audit for fiscal year 1980-81 (ending July 31) has been completed by A. M. Pullen Co. The year has been

AUDIT

a fine one with over 6½ million dollars flowing through the books. The year was completed well "in the black" thus continuing Southeastern's unswerving commitment to a balanced budget.

Orientation for Southeastern's new trustees was held on campus, September 7-9. According to evaluations provided by each participant, the event was exceptionally effective in acquainting these persons with the purpose and objectives of the seminary as well as the broader meaning and implications of their

NEW TRUSTEE  
ORIENTATION

trusteeship.

The regular trustee meeting will be held October 12-13.

The SBC Executive Committee met in Nashville, Tennessee, September 21-23. Among matters discussed was the

SBC  
EXECUTIVE  
COMMITTEE

seminary funding formula which is being reviewed for possible revision over another three years. Final decisions regarding funding for theological education will be made in February, 1982.

The Interseminary Conference also convened in Nashville, September 21-23. This annual event brings together key peer groups from the six SBC seminaries for inspiration and information. Southeastern was the "chairman seminary" this year.
