

SOUTHEASTERN BAPTIST  
NOV 4 1977  
SEMINARY LIBRARY

The Southeastern Seminary Development Council held its second meeting on campus October 2-3. Enthusiasm ran high and the Council adopted unanimously a development plan to recommend to the Trustees. The plan centers on a number of information luncheons/dinners in the regions of the members.

DEVELOPMENT COUNCIL

President Lolley will speak at the more than 30 meetings to be hosted by Council members throughout the Spring, 1978. Trustees and alumni will assist in developing lists of persons to be invited to the meetings. These persons, once informed about the school, will become the initial reservoir for participation in the fund-raising campaign to be launched later.

\*\*\*\*\*

The Southeastern Trustees held their semi-annual meeting on campus October 10-11. The following actions were taken:

TRUSTEES MEET

1. Adopted Master Campus Plan.
2. Adopted a Personnel Handbook.
3. Revised certain music instruction fees.
4. Adopted a \$150 per semester Cooperative Program Supplement Fee for students other than Southern Baptists beginning Fall semester, 1978.
5. Adopted a 15¢ per mile Mileage Allowance for travel on Seminary business.
6. Increased housing allowance for ordained persons to \$7200 maximum annually. (August 1, 1977)
7. Revised Seminary Cemetery Policy so that persons who resigned from the Seminary after twelve years of uninterrupted service are eligible to retain lot (s).
8. Instructed the Administration to study the Seminary Annuity Program and report to the March meeting of the Trustees.
9. Ratified the ballot by mail, August 24, 1977, to elect Drs. Hewitt and Dale to the Faculty.
10. Approved a plan possibly to award an Excellence in Ministry Citation at the Spring Commencement, 1978.
11. Approved distribution of \$46,849.91 from 1976-77 Cooperative Program Challenge Funds.
12. Instructed the Administration to devise a regular plan to convey to students the amount of Cooperative Program support which undergirds their education at Southeastern.
13. Requested the Committee on Instruction to investigate ways by which the Seminary might assist Faculty and Administrative Officers with their children's college education.
14. Approved the Edward A. McDowell, Jr., Greek Award.

A student-led revival engendered considerable interest and involvement on campus October 11-13.

STUDENT-LED  
REVIVAL

Under the auspices of the Student Council, the three night meetings involved singing, testimonies, and preaching by students selected by their peers to lead the worship. Faculty members also participated in the three services. The meetings were preceded by weekly student-led prayer experiences. Offerings each evening were given in support of the endowed Professorship in Evangelism.

Gifts and pledges for the endowed Professorship in Evangelism are now just over the half-way mark

PROFESSORSHIP  
IN EVANGELISM

with 14 months to go on the project. The endowment goal is \$500,000. Total amounts, given and pledged to date, amount to \$264,000.

This total includes \$1,578.05 from students.

\*\*\*\*\*

The following position descriptions for declared vacancies have been adopted by the Faculty:

FACULTY  
POSITION  
DESCRIPTIONS

- Church History
- Systematic Theology
- Evangelism
- Christian Education (Position II)

All interested persons are invited and encouraged to make recommendations to the Dean of the Faculty for teachers to be considered by the Area Faculties for any one of these faculty positions. Copies of the position descriptions are available through the Dean's Office.

\*\*\*\*\*

The Trustees have approved the appointment of Dr. Bruce Powers to the full time Faculty at Southeastern Seminary. He comes from

DR. BRUCE POWERS  
JOINS FACULTY

a position at the Sunday School Board where he has been at the interface of a variety of Church programs. He is a superb practitioner in Christian Education. Besides his regular teaching duties, Dr. Powers will serve as liaison between the Seminary and the Sunday School Board in the pilot project funded by the Board. He will join the Faculty for the Spring semester, 1978.

Binkley Chapel has a new Rauland-Borg sound system. All

NEW CHAPEL  
SOUND SYSTEM

basic system components have been significantly upgraded, and two entirely new components have been added. A sound equalizer and a tunable notch filter afford nearly perfect matching of the amplified sound to the acoustical characteristics of the chapel. The resulting sound is highly natural.
