NOTICES:

VISITORS ON  
CAMPUS:

A special welcome is extended to visitors on the Southeastern campus this week. Two events will be taking place in conjunction with the Adams Lectures. The fifteenth annual Pastors' Seminar will be held Tuesday through Friday with the participants involved in a program of continuing education through lectures and special studies. The seminary will also host a Chaplain's Conference on Tuesday and Wednesday for chaplains involved in military and institutional ministries through the chaplaincy division of the Home Mission Board. Mr. Pat Davis from the HMB will be coordinating the conference in the Bethea Room.

FINALLY!

The Formation in Ministry Office has completed the transition to the use of our new forms. We are now answering requests by sharing information only on those students who have completed the FIM Biographical Form. If you have any questions, we will be happy to answer them. An example of each of our forms is on display at the office bulletin board.

WOMEN'S ISSUES IN  
MINISTRY PROGRAM:

Chaplain candidate, 2LT Jan Wengert, USAFR, and senior at SEBTS, will be the speaker at the Women's Issues in Ministry meeting on Thursday, February 15 at 7:00 p.m. in Appleby Chapel. She will speak on the special problems and opportunities of the chaplaincy as a career. In addition, the candidate program for seminarians will be explained and a training film shown. Special emphasis will be placed on opportunities for women in the military, but all who are interested in the learning more about the chaplaincy are invited to attend.
