7 But we have this treasure in jars of clay to show that this all-surpassing power is from God and not from us.

8 We are hard pressed on every side, but not crushed; perplexed, but not in despair;

9 persecuted, but not abandoned; struck down, but not destroyed.

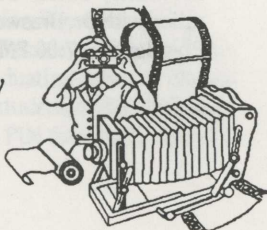

10 We always carry around in our body the death of Jesus, so that the life of Jesus may also be revealed in our body.

11 For we who are alive are always being given over to death for Jesus' sake, so that his life may be revealed in our mortal body.

12 So then, death is at work in us, but life is at work in you.

## Kids' Fun Day #2 RESULTS

Wow! What a blast! We had tons of fun playing ping -pong, pool and foosball before we enjoyed a frozen treat at the corner. Congratulations to Josh Kesterson who won the boys division over D.R. Silkwood. Good match guys! Also, there was a lot of tension as Christen Tuggle won the girls' division in a dramatic comeback over Gena Kelly. Both girls played a great match as the close score, 26-24, indicates. The next Fun Day will be next semester, so all you moms and dads be sure to inform your kids.

## Sports Corner

### Mark Your Calendar

The first bi-annual sports fellowship and awards banquet is scheduled for Monday December 2, 1991, at 6:30 p.m. During this time we will celebrate the fellowship we have shared through intramurals and distribute awards to teams and individuals. A slide show of events held during the semester will be presented. Everyone is invited whether you participated in intramurals or not. However, seating is limited to the first 150 reservations. Reservations may be made through the Student Life Office. We will ask each of those attending to bring a vegetable or dessert plate. We will provide fried chicken and beverages. Don't delay, make reservations today and bring the family or a friend.

### Results:

The results of the recent Intramural Sports Survey have been tabulated. Out of the 600 surveys put out, 26 were returned, 18 in favor of maintaining our current system and 8 in favor of the alternate system. Therefore we can look forward to our usual schedule of intramural events for the spring semester.
